Can they visit your home to see the animal? YES NO

Please provide three references, listing their name and telephone number:

1. _____
2. _____
3. _____

As a foster parent your foster cats must be kept indoors at all times. By initialing, you acknowledge that you will abide by these provisions. Initials: _____

As a foster parent, you may have an animal in your care for a short period of time (1 week) or an extended period of time (as many as 3 months or more). This will be determined when you receive an animal to be fostered. However, this amount of time is subject to change depending on circumstances at the shelter. If you know that you will be on vacation during the period of time you are being asked to foster, you are obliged to inform HALO as such. This will allow us to find the most suitable temporary accommodations for your animal.

All new foster parents must attend a foster orientation. You will be contacted in regards to the date, time and location of this orientation. Additionally, while you are caring for foster animals, we may call you from time to time to check on the animals' progress and address any concerns you may have.

As a foster parent, we want you to know that it is occasionally necessary to euthanize animals that have been in foster care. Although this is an option of last resort, it does occur for different reasons.

By signing this form, you agree to the above statements and certify that the answers given are true.
